Foundation Scholar Report

The Chapter is beginning with aspiration of achievement for the spring semester. Several new and old items are generating good news for Delta XI. I plan to promote and concentrate my efforts in these areas during the semester. Let's look at the highlights.

To begin, delivery of an IBM personal computer is expected as soon as the last week of January. The capabilities of this model are tremendous. It will allow communication with the University computer network, class programs, and personal workspace. It also has a wide selection of software for word processing, graphics and calculations. The disc drive of the system allows copying of additional software and has memory space capable of holding 40 discs of information for recall. The commands for the operation are easy to learn and we hope to have all the Brothers in the house computing away soon.

Another exciting development for this semester is a visit from Brother Delt, Otto A. Silka, Minnesota '40. Delta Xi will host Mr. Silka on March 1st and 2nd. His visit is highlighted by dinner at the Chapter House the evening of the 1st and a luncheon sponsored by UND President Thomas P. Clifford on the 2nd. Some of the highlights of Silka's outstanding career includes: Chairman of the Board '79, President '73-'79, Minneapolis Star and Tribune, Who's Who in America '80-'81, Regional Vice-President '47-'52, Delta Tau Delta, DTD Achievement Award '74. He has served as President of several National Journalism Organizations. His expertise in leadership is an excellent source of knowledge for our actives and pledges and we are all looking forward to hearing his advice.

With these exciting developments, it makes the upcoming Parents/Alumni Weekend all the more appealing. I encourage parents, as well as alumni, to visit Delta XI, talk to the Actives, and Pledges, see the new computer and the Shelter and enjoy. I'm looking forward to meeting you.

Kennedy Memorial Scholarship

A \$1,000 memorial scholarship for deserving members of Delta Tau Delta has been contributed by Donald J. Kennedy and his two brothers Bob and Jim. Their contribution is in memory of their father James M. Kennedy '33 and their uncle Angus K. Kennedy, Jr. '35. Previously Don Kennedy had contributed for the same purpose in memory of his uncle Douglas "Pete" Kennedy '37.

The memorial scholarship grant has been established to provide financial assistance to deserving members of Delta Tau Delta who would not be able to continue their university education without some financial assistance. This is a very timely contribution as current economic conditions find young Delts with parents suffering from unemployment, summer jobs difficult to find, and part-time work not always available or enough to pay the education and living costs. After a recommendation has been made by the Treasurer and President of the Chapter, the facts and need are reviewed by three directors of the Delta Tau Delta Educational Foundation, and a determination will be made on the award. We are grateful for this generous contribution, and feel it is a fine way in which to remember the three Kennedy brothers who were members of our Fraternity.

Ferguson Stewart '37, '39 of Santa Monica, CA has also contributed towards this Kennedy Memorial Scholarship. He is a friend of the Kennedy brothers who made this gift possible. Don Kennedy of Camarillo, CA is President of Nightvision, Inc., an entrepreneurial firm in high technology.

Robert C. Ray Scholarships

Robert C. Ray, MD, BX '28, '29 has established a scholarship for pre-med or science majors who are outstanding and deserving members of Delta Tau Delta Fraternity. This scholarship is endowed with an initial gift of \$4,500. The principle of the gift shall be held in perpetuity, and only the income earned will be awarded.

Dr. Ray wants to recognize worthy members of the Fraternity who are of good moral character, have a record of academic achievement, exhibit leadership, and show potential for a successful career. Hometowns and financial need may be given consideration as well. Final determination for the scholarship may be made by Directors of the Delta Tau Delta Educational Foundation of North Dakota.

Dr. Ray retired from the Medical Corps of the US Navy in 1961 after 22 years of service. Thereafter, he served on the faculty of San Diego State College, and is now emeritus status. Dr. Ray is a Fellow of the American College of Surgeons, and a Fellow of the American Society of Abdominal Surgeons.

Both of Dr. Ray's parents attended UND as well, Robert H. Ray, MD '97 and Emma (Robinson) Ray '98. His dad practiced medicine in Garrison until 1948. Dr. Ray and his wife Meryl (Hudson) '28 live at 3020 Dumas Street, San Diego, CA 92106. They had one son John.

Fleming Pledge Award

The Delta Tau Delta Educational Foundation has established the Fleming Pledge Award for the Outstanding Pledge of the Second Semester. The annual award will cover the initiation cost (now \$85) and will be accompanied with a plaque. The determination will be made by a vote of the active chapter after consideration has been given to dedication, leadership, scholarship and attitude.

Neil Fleming responded to this named award by endowing the award through a gift and pledge of \$1,500 to the Delta Tau Delta Educational Foundation. Neil has long served as counsel for the House Corporation and Educational Foundation, and currently serves as a Director on the Board of the Educational Foundation. Neil also contributed the large oak conference table that is in the Chapter library. Neil has sponsored rush parties at his large home in Cavalier. Neil was a second semester pledge himself, and feels this will help recruit 2nd semester pledges.

Neil practices law in Cavalier, North Dakota and handles a large number of trial cases. He is very active with Democratic Party of North Dakota. He and his wife Charlotte have three sons and a daughter.

The Educational Foundation has also decided to award the Carlyle Onsrud Scholarship in the second semester as well to help encourage and reward pledges in the second semester.
